## Description détaillée :

The Johnny Vac JV5 is a powerful, economical and easy to manoeuver vacuum. It features a powerful 1000 W motor, high filtration for dry use and a 3 gallons (12 liters) tank capacity. Anchored on a solid base this unit will not tilt. This appliance is easily movable with the caster wheels, and his bumper offer protection when moved around. An electric floor brush can be added directly on the unit thanks to its integrated electric outlet. A unique vacuum cleaner with a European touch!
