Description détaillée :

FOR USE IN SANI-AIR ELECTRIC AIR FRESHENER - Open can by pulling ring tab off. Fold a wick and place the two free ends down in opening of can making sure one end touches bottom. The exposed portion should be formed into a loop. Adjust the loop larger for more fragrance, smaller for less fragrance. Carefully place can into air freshener.

FOR USE IN SANI-AIR BATTERY AIR FRESHENER - Same as directions for Sani-Air Electric Air Freshener. For optimum performance use two or three wicks.

FOR USE IN SANI-AIR STILL AIR FRESHENER - Open can by pulling ring tab off. Fold an All Purpose Wick accordion style along perforations. Place one end down in opening of can making sure the wick touches bottom. The exposed portion should be

fanned out fully for optimum evaporation. Carefully place can into air freshener. In case of too much evaporation simply cut down height of wick.

Manufactured by California Scents, USA.
