## Description détaillée :

The Perfect PEDM101 dual motor upright vacuum is a heavy-duty cleaner designed for all commercial settings. This machine utilizes a high-efficiency suction motor and a powerful brush roll motor to deep clean all carpets, rugs, floors and Furniture. This cleaner can also be used quietly during the day and at night because of its hi-tech fire-retardant sound-deadening gel. This unit is also extremely convenient due to a 15-inch cleaning path that cleans more area in less time than the leading competitor's commercial upright. The Perfect PEDM101 Dual Motor Upright includes a stretchable attachment hose in extending your reach. Add the plastic wand to the end, and you'll be able to clean all the way up to the ceiling! The crevice tool is perfect for those hard-to-reach areas and getting between those seat cushions. The dust and Furniture brush clean any surface the power head can't reach. From windowsills to furniture, this tool can conquer any dust in sight just like no one else commercial vacuum cleaners. The PEDM101 by Perfect also uses HEPA filtration to get rid of harmful particles in the air as small as 0.3 microns.
