Product description:

The XV10PLUS is a canister vacuum cleaner that allies the technology, the luxury and the reliability. Indeed, thanks to its digital control system which settles the suction, or still its indicator for the packed bag, XV10PLUS possesses the best of the electronics at low cost. Comes with a telescopic wand, a gas pump-style handle and power nozzle for all floors, this vacuum cleaner also has the HEPA filtration which assures you a perfect filtration of the dust and the allergens. In gold and black colors for a great look!
